

# What is Christ's Story?

If a picture is worth 1000 words, what will yours say about Him on the next mission trip?

tell the story! [missionvideo.net](http://missionvideo.net)

## mission video

digital media solutions for Christian ministries  
psalm 127:1

### The call

After a 25 year career including television director, corporate video producer, and commercial photographer, Paul Liggitt was called by God to start Mission Video as a ministry of Westwood Baptist Church.

### What we do

1. Provide professional video, and photographic media to qualifying Christian ministries at affordable prices.
2. Conduct photo and video workshops across the country to equip churches, ministries, and individuals to help them tell the story of what Christ is doing around the world or around the corner.

### Why we do it

We live in a visual age and the story of what Christ is doing is effectively and powerfully told with multi-media. The Church is strengthened and unified when we see and hear about Christ's work in other places. Paul and Barnabas returned to Antioch from one such journey and reported all that God had done during their trip. Acts 14:27

### Where we do it

Wherever God is at work, around the world or around the corner.

### How we do it

Pray over each request, and when God provides the confirmation, plan, and provision, Mission Video is mobilized.

### The next step

Email Paul Liggitt at: [Paul@PLphoto.com](mailto:Paul@PLphoto.com) or call: 800-761-3551 to see if your ministry would benefit from a partnership with Mission Video. To schedule a media workshop, or for more information and samples visit <http://www.PLphoto.com> or <http://www.missionvideo.net>
